

Technical Data Sheet

Premier Marine Oil 10w-40

Description

Premier Marine Engine Oil is a high quality multigrade engine oil designed for use in Canal Boats. The additive level has been chosen to prevent bore polishing or glazing whilst giving maximum engine protection.

Applications

Premier Marine Engine Oil is specifically formulated for use in boats requiring an API CC performance.
The SAE 10W40 CC classification makes this suitable for use in all boat engines where a SAE 15W40 may be required. SAE 10W40 will flow more rapidly at low temperatures providing improved engine protection.

Performance Levels:

API CC/SF

Physical Characteristics

Appearance	Amber liquid
Density @ 15°C	0.869
Kinematic Viscosity @ 100°C (cSt)	14.10
Pour Point (°C)	-34
Closed Flash Point (°C)	210
