

### Description

Static dispersing foam cleanser which attracts less dust. A foaming action cleaner designed for use around the workplace where the build up of dust is undesirable, its anti static properties dissipating static electrical charges effectively. For use on all water resistant non porous surfaces, the foaming action aids in clinging to vertical surfaces.

### Benefits & Features

- Dissolves grease and grime
- Foaming action for use on vertical surfaces
- Minimises wetting on fabrics
- Residual anti static effect
- For use on most surfaces including plastics
- Streak free finish
- Lemon fragrance

### Directions for Use

Shake can well before use. Spray onto hard surfaces from a distance of 25 to 30cm. Allow foam to develop and wipe with a clean cloth. For porous surfaces, apply as above, allow foam to develop and remove with a damp sponge or cloth, working into the centre to prevent risk of ring formation.

### Technical Data

Appearance:	Clear colourless liquid
Odour:	Lemon odour
Contents:	An aqueous solution of propan-2-ol, amphoteric and non-ionic surfactants, corrosion inhibitors including sodium nitrite, mixed amines and ammonium hydroxide and synthetic fragrance with a butane/propane propellant
Storage:	Below 50°C
Flash Point:	<0°C
Relative Density:	1.00
Temperature Range:	Designed for use at ambient temperatures
