

Description

Non-chlorinated light duty solvent cleaner for intricate and general use. IS2 is a fast evaporating light duty solvent cleaner for use on metallic and plastic surfaces, removing general grime, and also greases and oils in heavier duty applications. Can be used on electrical equipment once the supply has been isolated.

Benefits & Features

- Reasonably fast evaporation rate
- Leaves no residue
- Effective in delicate applications
- May also be used for heavier duty cleaning
- Easy to use with integral directional nozzle
- Removes stains, oil, grease, and printing inks

Directions for Use

Shake can thoroughly before use and spray directly onto component from a distance of 20 to 30cm, ensuring even coverage. Allow to penetrate and wipe clean. Test on an inconspicuous area if in doubt as to compatibility. Do not spray onto live electrical equipment.

Technical Data

Appearance:	Clear liquid
Odour:	Strong solvent
Contents:	Solution of isopropanol in a propane/butane propellant
Storage:	Below 50°C
Flash Point:	<0°C
Relative Density:	0.785
Solubility:	Insoluble in water
Temperature Range:	Designed for use at ambient temperatures
